## BREAKING THE GLASS

This season, Boston Children’s Chorus explores hidden figures throughout history and today. Our concerts lift up narratives that include ancestors, body image, and archetypes perpetuated by society. As our community celebrates the 100th anniversary of the U.S. Constitution’s 19th Amendment, we recognize our nation’s progress to achieving gender equity. Join us on this journey to inquire and shine a light on the path toward gender equity through song - breaking the glass.
